Home Learning Update

We have created timetables for all pupils learning at home in order to help support pupils and parents by providing some necessary structure to each day. These timetables will start from Monday, 8th June 2020 and pupils and parents will find the relevant tasks for every session on Show My Homework. The timetable covers all subject areas and pupils will be expected to complete four sessions throughout the day. We have time-tabled in some breaks and some well-being sessions for each pupil too. Timetables will be emailed out to parents on Friday, 5th June 2020 and will also be available on Show My Homework. Please check your emails! Excitingly, teachers are also busy recording lessons that will talk pupils through lessons or show pupils what they have to do. These lessons will be available on Show My homework from 15th June 2020. Some staff have been keen to get started on this and you may find some of these recorded lessons are on Show My Homework now. Keep logging into Show My Homework to access the latest lessons and tasks. Don't forget, pupils need to send their work back to their teachers so it can be marked. They can do this by submitting their work on Show My homework or by emailing their work to staff.

Mrs Smith: A difficult end and I was sad that our time together ended so abruptly but I know you will show great determination towards the next step in your careers. I know this is not the way you would have all liked to end year 11 but you should all be immensely proud of the progress and achievements you have made. Your work ethic has been superb and you will still reap all the rewards in the end. What a fantastic year group you are and I feel so privileged to have been your head of year. When it is safe to do so, we will celebrate your successes and achievements together. You will always be part of the MSJ community and will always remain very special to me.
