

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

**Learning Objective:  
Develop Fluency in Numeracy**

**Complete the short Numeracy Quiz to be in with a chance of winning a Prize!**

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

## Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

# Learning Objective: Develop Fluency in Numeracy

# Q1. Calculate $347 + 289 + 13$

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

**Learning Objective:  
Develop Fluency in Numeracy**

**Q2. Calculate  $38 - 19 + 27$**

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

**Learning Objective:  
Develop Fluency in Numeracy**

**Q3. Calculate  $13 \times 17$**

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

**Learning Objective:  
Develop Fluency in Numeracy**

**Q4. Calculate  $5 \times 34$**

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

**Learning Objective:  
Develop Fluency in Numeracy**

**Q5. Calculate 42 divided by 4**

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

**Learning Objective:  
Develop Fluency in Numeracy**

**Q6. ROBIN IS COOKING pasta, the recipe says 250 grams of pasta will feed 5 people. How much pasta does Robin need for 12 people?**

**Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving**

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

## Learning Objective: Develop Fluency in Numeracy

Q7. Ricardo thought of a number, he multiplied it by 7, subtracted 16 and then divided by 3. His final number was 4. What number did Ricardo start with?

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

## Learning Objective: Develop Fluency in Numeracy

# Q8. What is 7.5% of 520

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

## Learning Objective: Develop Fluency in Numeracy

# Q9. Share £132 into the ratio 2:3:6

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

## Learning Objective: Develop Fluency in Numeracy

Q10. Calculate  $\frac{5}{7} - \frac{3}{9}$

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

## Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

**Learning Objective:  
Develop Fluency in Numeracy**

# Get ready to mark your work

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

## Learning Objective: Develop Fluency in Numeracy

### Answers

1) 649

2) 46

3) 221

4) 170

5) 10.5

6) 600g

7) 4

8) 39

9) £24:£36:£72

10)  $\frac{8}{21}$

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving

### Success Criteria

I have tested my numeracy skills

I have developed my numeracy skills

I have developed my numeracy skills and identified what I need to do to improve

## Learning Objective: Develop Fluency in Numeracy

### Reflection

Think about what area of Numeracy you need to work on to be able to improve.

Try and practice this area over the next few weeks so that the ability to recall is automatic, this will help you to become fluent in Numeracy!

Key Words: Numeracy, Addition, Subtraction, Multiplication, Division, Problem Solving
